

OUR JUNE NEWSLETTER  
**ST. VINCENT IPA**

Summer Edition | June 2021

### From the Desk of IPA Administrator

Dear Provider,

As we are approaching the end of the year, please take the opportunity to schedule all of your senior members to come in to complete an annual wellness and close any HEDIS preventive quality measure. This is very important in keeping members healthy and to manage any chronic condition(s) the members may have. As a reminder, St. Vincent IPA utilizes a population management system called **Cozeva** to provide our network with a tool to manage and care for the health of our members. Primary Care Providers can utilize Cozeva to submit care gap reports as well as annual wellness visit forms directly to St. Vincent IPA in real time, thus eliminating the need for faxing and potentially delaying the process. If you and your staff have not obtained access to Cozeva, please reach out to [jmarquez@pdtrust.com](mailto:jmarquez@pdtrust.com) for obtain access.

Care gap report and members pending annual wellness were sent to your office back in May. These lists can also be accessed through the Cozeva portal.

Finally, as a reminder, all completed annual wellness visit forms are eligible for an incentive payment. If you have any question, please feel free to contact your PR Rep. **Thank you for being the best part of managed care and your care for our members.**

## Have you talked to your members about the Covid-19 vaccine?

Everyone 12 years of age and older is now eligible to get a COVID-19 vaccination. You have the opportunity to talk to your members about the vaccine and reinforce the importance of getting vaccinated. The available data shows that the vaccine's known and potential benefits outweigh its known and potential risks. Your strong recommendation can help them make an informed decision and feel confident about getting vaccinated against COVID-19.

If they have any questions, please direct them to [cdc.gov/coronavirus](https://cdc.gov/coronavirus).

## St. Vincent IPA Contracted Labs

### St. Vincent IPA's partnered lab is Quest Diagnostics.

To avoid cap deducts, please only refer SVIPA members to Quest Diagnostics for routine laboratory services.

Quest Diagnostics has many convenient locations throughout Los Angeles County to ensure members do not have to go far for lab services.

To find a lab near you, you can access the Quest website at: [appointment.questdiagnostics.com/patient/findlocation](https://appointment.questdiagnostics.com/patient/findlocation) or contact Quest Diagnostics Customer Care Center/Appointments at (866) 697-8378.

Feel free to contact Kathy Diaz with any questions or concerns regarding this at (949) 382-9179 or [Kathrine.X.Diaz@QuestDiagnostics.com](mailto:Kathrine.X.Diaz@QuestDiagnostics.com)

**Thank you  
for your dedication to excellence.**
